VoiceThread Access via Canvas for Faculty

How to Set-up the VoiceThread Tool for your Instructor account
VoiceThread account users of years past and present must use VoiceThread through Canvas. Going to the VoiceThread website causes complications with student access to the VoiceThread. Here is how to get to VoiceThread now that it is integrated with Canvas.

• Go to your Canvas sandbox

![Canvas Dashboard]

• Click on Modules

![Modules Menu]

• Create a module by clicking the + Module link in the upper right-hand corner

![Add Module]

• Name the module and click Add Module

![Add Module Dialogue]

• To add VoiceThread and click the plus sign next to the title of this module.

![Add to External Tool]

• Change the drop down box next to Add to External Tool.
• Scroll down and click VoiceThread.

• Change page name if desired.

• Click Add Item. You will be re-directed to your module with the VoiceThread Tool now added.

• Click on the link to the VoiceThread tool.

• Select VT Home. You will automatically be viewing the VoiceThread tool, and you will automatically be logged in to your Bucks account. From here, you can create VoiceThreads and share VoiceThreads with your courses.
